

# Chapelco Template FAQs

## 1. What are Chapelco template features?

- Please check our [Template Info](#) page for all Chapelco features in one complete list.

## 2. What font is used on Chapelco template?

- **Exo**. You can download it at [Font Squirrel](#).

## 3. I don't know how to start with Chapelco template. Is there any tutorial to get me started?

- Yes. Please check our [Chapelco Tutorials & Guides forum](#).

## 4. Is Chapelco compatible for Joomla 1.5?

- No, Chapelco is only compatible with Joomla 2.5 and Joomla 3.0. The Joomla 2.5 stable has been released out for some months and you should upgrade. Joomla 3.0 is recommended for more experienced users and developers.

## 5. Can I install RocketLauncher on existing Joomla! website?

- No. RocketLauncher will install both Joomla and the demo sample content and images, so you will need a fresh Joomla! installation.

## 6. I installed Chapelco RocketLauncher but the images are different with the demo site.

- As explained at [Chapelco Installation](#) page, to avoid image license copyright issue, all sample content images shown in our demo site will be replaced with blank versions in the RocketLauncher version.

## 7. What is Responsive Design?

- Please visit the links below to our blog to learn more about Responsive Design.

## 8. Can I easily port Chapelco responsive layout to older templates?

- No. You will need advanced knowledge of template coding to accomplish it and this is beyond of our support scope.

## 9. I like some styles and features of Chapelco template. Can I copy and use it to another template?

- Basically No. You would need advance knowledge of html & css to accomplish this. The features from one template can't be easily "copied" to another template. We considered this as customization work and it's beyond of our support scope. If you need some (paid) assistance with customization work, you might want to check [The MarketPlace Forum](#).

## 10. I love Chapelco so much. What should I do?

- Thanks for your love and don't forget to say thanks to the developer team for their hard work [here](#) as well. I am sure, your thanks quote will put a smile on their face.
